Dear Valued Westcliff Client,

Westcliff Medical Laboratories, Inc. ("Westcliff") is pleased to announce a pending transaction with Laboratory Corporation of America ("LabCorp"). As you may be aware, LabCorp has an extensive presence in California. This transaction will be accomplished by the sale of certain Westcliff assets through court approved reorganization, and we expect the transaction to be completed in a timely manner. Until the transaction is complete, Westcliff and LabCorp will continue to operate as separate companies, and Westcliff will continue to operate as it does today. You will work with the same Territory Account Manager, Senior Sales Representative, Courier, Client Service Representative, and your testing services will remain unchanged.

We believe the new organization will provide you with the same levels of laboratory service that you have come to expect from Westcliff. Over time, current Westcliff clients will benefit from access to an extensive, integrated network of Patient Service Centers and to LabCorp's expanded testing menu of core testing, as well as esoteric and genomic test offerings. LabCorp has a number of web-based test ordering and result reporting solutions, as well as the ability to interface with hundreds of leading Electronic Medical Record ("EMR") systems.

If you have any questions, please feel free to contact your Territory Account Manager or Senior Sales Representative at our main laboratory at (949) 724-3900.

On behalf of Westcliff, I thank you for your continued loyalty and support. As much as Westcliff has valued its 40 year history as a community-based independent laboratory, we believe that pursuing this transaction is the right decision, at the right time, for our clients and their patients, and for our employees and their families. Our commitment is to maintain Westcliff's focus on local customer services while bringing access to LabCorp's broad menu of leading-edge diagnostic tools and services – the Best of Both Worlds. Above all, you will continue to receive the high-quality clinical laboratory services necessary to diagnose and treat your patients.

Very truly yours,

A handwritten signature in blue ink that reads "Robert Whalen". The signature is written in a cursive style.

Robert Whalen  
Chairman of the Board
